

## BACHELOR OF SCIENCE IN NURSING (RN TO BSN)

Advance your career and expand your employment opportunities.

The Bachelor of Science in Nursing program at Marsha Fuerst School of Nursing offers a clear track for Registered Nurses who are ready to further their education and take their career to the next level. The Bachelor of Science in Nursing (BSN) program is a post-licensure RN to BSN program for nurses who already possess an associate's degree.

### Program Overview

The Bachelor of Science in Nursing program at Marsha Fuerst School of Nursing is designed to take the training you already received to become a Registered Nurse and build on it, teaching you the additional skills and knowledge you need to advance in your health care career.

The program combines critical thinking classes and leadership training with an in-depth review of health care subjects crucial to nursing and health care today. Classes include: nursing roles and issues, health assessment techniques, nursing research methodology, introduction to public health, pathophysiology, cultural diversity, disaster management, introduction to biostatistics, and others.

The Baccalaureate Degree in Nursing through the Marsha Fuerst School of Nursing at Glendale Career College is accredited by the Commission on Collegiate Nursing Education ([www.ccnaccreditation.org](http://www.ccnaccreditation.org)).

### Why Choose a BSN Degree Program?

#### Enhance your professional knowledge base

Build on your professional experience, expand your professional opportunities, and change the way you think about the nursing practice.

#### Expand your career opportunities

Open the door to teaching, management, professional specialization, and advanced nursing degrees.

#### Improve your marketability

Many hospitals seek to recruit BSN-trained nurses.

#### Improve your earning potential

Qualify when higher-paying nursing jobs require a BSN degree and RN experience.
